

PAYMENT OPTIONS

At Elite Laser and Skin Spa we realize that paying for some of our services up front might be costly. We have set up a *credit card financing option* for you to pay for your services with us. Most patients put off treatments and procedures because they cannot afford to pay. We offer a payment plan that is an alternative and convenient option to normal credit cards, cash or checks. CareCredit allows the patient to pay over time often without incurring interest charges instead of a lump sum prior to treatment. Removing the cost barrier allows us to focus on optimal treatment for our patients.

What is CareCredit?

CareCredit is a personal line of credit for healthcare treatments and procedures for your entire family, including your pets. It works like a credit card but it has two advantages. It can only be used for healthcare services and you can get No Interest* financing every time you use it. Simply pay your minimum monthly payment and pay off the entire balance by the end of your promotional period and you pay No Interest. If you need more time to pay for your procedure, you can take advantage of our extended payment plans with low, fixed interest rates.
